

## 40v DC inverter

## Overview

---

What is a GreenWorks 40V 300w power inverter?

Greenworks 40V 300W Power Inverter is a mobile, battery-operated inverter that can be used for camping trips, road trips or as a backup power source for small household items. Great for camping; strong enough to power standard 120V air pump.

What can a 240V inverter power?

The system will support loads such as a small 40L, 12V/ 240V fridge, basic LED lighting, small LCD tv, laptop computer, stereo. phone charger and small 12V water pump. The Inverter offers a sturdy robust construction complete with carry handle and can power 240V and 12V appliances simultaneously and is simple and easy to set up and pack away.

What is a 40CC inverter generator?

Compact and lightweight, this inverter generator produces 100% pure sine wave power making it safe for sensitive electronic equipment. 40cc 4-stroke engine means low noise and no need for mixing fuel or oil. Perfect for charging Li-ion batteries on site.

Can a GreenWorks inverter be used with a 40V battery?

When disaster strikes this inverter combined with Greenworks 40V batteries can be used to power small household devices. Bring this inverter along with your Greenworks 40V batteries to the next tailgate to bring the party alive. No more fighting for scarce outlets on road trips with this inverter and your Greenworks 40V battery in the car.

What is a GreenWorks inverter good for?

Great for camping; strong enough to power standard 120V air pump. When disaster strikes this inverter combined with Greenworks 40V batteries can be used to power small household devices. Bring this inverter along with your

Greenworks 40V batteries to the next tailgate to bring the party alive.

Does GreenWorks Green come with a 40 volt charger?

A: Hi Greenworks green, Thank you for your question. This product comes equipped with a 40V charger. We hope this helped! Helpful?

Q: How about a generator that uses 80 volt batteries?

A: I am heavily invested in your 80 volt tools so really would like an 80 volt generator.
