

# **Bolivia Customs Container Wholesale**

## Overview

---

### How do I import goods into Bolivia?

Importing goods into Bolivia involves a series of customs procedures that traders must meticulously follow to ensure compliance with local regulations. The first step in the customs process begins with understanding the necessary documentation required for importation.

### Why do Bolivian customs inspect shipments?

Customs authorities in Bolivia retain the right to inspect shipments to ensure that they comply with both domestic regulations and international trade agreements. These inspections may involve verifying that the documentation is accurate and that the exported goods meet the requisite quality standards.

### Do I need an import permit in Bolivia?

Moreover, an import permit may be needed depending on the nature of the items being imported, especially for goods that are subject to regulation, such as pharmaceuticals or chemicals. Traders must also be aware of the specific customs forms required by the Bolivian customs authority, known as the National Customs Authority (AN).

### Are 45' containers accepted in Bolivia?

45' containers are not accepted in Bolivia. Containers without manifested in RKDS/GCSS must be retained on board and returned to last transshipment port. Payment restriction in Bolivia, for import shipments customers must pay in origin country, they cannot pay any Prepaid charges in Bolivia, therefore CBU cannot be MAERSK BOLIVIA.

### What are Bolivian import charges?

Bolivian import charges include domestic taxes (most of which are creditable to the Bolivia Tax Authority) and private fees, making effective costs considerably higher than the stated tariffs. Landed costs generally include the

following: Cost, Insurance, and Freight (CIF) value at the border.

How much are customs fees in Bolivia?

Warehouse fees: customs warehouses are privately owned. Rates vary by volume. Bolivian National Tax Service fees: the value-added tax is 13.3 percent. Added customs fees bring the effective rate to 14.94 percent, which is charged on an accumulated base.
