

# **Can German outdoor communication battery cabinets be placed on the shop floor**

## Overview

---

What is an outdoor Telecom cabinet system?

The Outdoor Telecom Cabinet system includes rectifier modules, monitoring unit, power distribution units, battery packs, temperature control and other equipment, they are installed in an all in one outdoor cabinet. The all in one outdoor cabinet is divided into an equipment compartment, a battery compartment, and a wiring channel.

How to choose the power supply system of outdoor Telecom cabinet?

The power supply system of outdoor telecom cabinet is installed in the field environment, and the installation and maintenance conditions are complex. The feasibility and convenience of installation and maintenance operations, and the personal safety of operators should be considered in the design.

How to cool outdoor Telecom cabinet system?

The enclosure protection level of the battery compartment is required to reach IP44. The cooling methods of the Outdoor Telecom Cabinet system include: natural cooling, fan cooling, heat exchanger cooling, and air conditioning cooling.

Where are battery backup cabinets located?

Battery backup cabinets placed outside the outer physical envelope of a building or structure (e.g., cabinets mounted on roofs, or on the outside of buildings). Battery backup cabinets located in open parking garages and open stadiums where the cabinets can be exposed to outside weather conditions and pollution levels.

What should a shelter & outdoor equipment cabinet look like?

Shelters and outdoor equipment cabinets shall be of the type designed for electronic equipment housing and accordingly fitted with locking doors. Buildings and shelters should utilize an alarm system capable of notifying a

remote location of tampering, cable breakage, power outage, or system failure.

What is the difference between equipment cabinet and Battery Cabinet?

When there is only one cabinet, the equipment compartment is at the top, the battery compartment is at the bottom, and the cable passages are on both sides. When there is more than one cabinet, separate the equipment cabinet and the battery cabinet.

## Can German outdoor communication battery cabinets be placed on

---

### GR-3033

Battery backup cabinets placed outside the outer physical envelope of a building or structure (e.g., cabinets mounted on roofs, or on the outside of buildings).
