

# **Comes with inverter and large battery**

## Overview

---

An inverter with inbuilt battery is an all-in-one device combining both the inverter and a rechargeable battery within a single unit. This integration eliminates the need for bulky external battery setups traditionally associated with home or office power backup systems.

## Comes with inverter and large battery

---

### What Size Inverter Do You Need for Your Home? , Renogy US

An inverter coupled with a battery pack can serve as a backup power source for homes with solar systems, RV homes, or areas where there is a limited or no power supply from the grid.
