

Congo solar photovoltaic panel installation project

Overview

Indian IPP, Soleos, in collaboration with Melci Holdings, has announced the development of a 200MW solar photovoltaic (PV) project in the Democratic Republic of Congo (DRC). The US\$ 200 million project will be located in Fipango village, within the Kipushi territory in Haut-Katanga province.

Congo solar photovoltaic panel installation project

Work begins on 200 MW solar park in Congo

India's Soleos Energy, in partnership with Melci Holdings, has started building a 200 MW solar park in the Democratic Republic of the Congo (DRC). The project is set for ...

Goma hybrid solar project in the Democratic Republic ...

For Nuru, commissioning the Goma hybrid solar power plant was the first step in a large-scale project to forge socio-economic development.

First phase of 1-GW solar project in DR Congo enters construction

The two-phase scheme, known as the Kinshasa Solar City, includes the installation of a number of solar photovoltaic (PV) parks near the capital of the country. The ...
