

# Costa Rica Pack Battery Factory

## Overview

---

Could a Costa Rican company replicate its commitment to a battery recycling plant?

A Costa Rican company works to install a battery recycling and end-of-life plant that plans to replicate its commitment with allies throughout the region.

Is the Panasonic branch in Costa Rica an artifact of neo-liberalism?

The Panasonic branch in Costa Rica is a result of neo-liberal policies, which involve the unfettered expansion of the free market and the rolling back of government regulations on that same market.

Is the manufacturing sector in Costa Rica contributing to fossil fuel use?

Despite not decreasing it, the manufacturing sector in Costa Rica, specifically the Panasonic factory, is currently contributing to the small percentage of fossil fuel usage that remains in Costa Rica. It was the first to become fully renewable in 2020.

When will a Fortech plant open in Costa Rica?

Currently, the Fortech project, the winning proposal of Mobility Talks, the first Latin American electric mobility contest, is in the permitting phase for the installation of the approximately 2,500 square meter plant in Costa Rica with a view to opening in November of this year.
