

# EU solar panel installation costs

## Overview

---

On average, a residential solar PV system in the EU can cost anywhere between €4,000 and €10,000 for a standard 3 to 5 kW system, which is typically enough for an average household. If you have a larger home or higher energy needs, you might need a bigger system, which could cost more. How much does a solar panel cost in Europe?

Referring to the general price in the Europe, a solar panel is 200-400 Euros, and a microinverter is 100 Euros. If you buy two panels, you can realize your solar energy investment plan for less than 1,000 Euros. How to install?

.

How much does a solar panel installation cost?

A complete solar panel installation typically costs an average of 3 000 to 5 700 euros, including installation costs and excluding VAT. The exact cost of your solar panels depends on factors such as the type of installation and the number of panels, while the number of panels you install depends on your energy consumption.

How much solar power is installed in the European Union?

The European Union installed nearly 8.0 GW of solar power systems in 2018. Overall, total solar installations in the continent grew by nearly 20% to 11.0 GW in 2018, an increase from 9.2 GW from 2017. How much does a solar panel cost in London?

It typically costs £766 to buy and install a 350-watt solar panel in London. That means a typical three-bedroom household will pay £7,659 for an array with 10 solar panels. To find out more about the kind of prices you're looking at, check out our Solar Panel Costs guide. Are there any solar panel grants from local councils in London?

Why do solar panels cost so much?

Number of panels and capacity: the total capacity of the solar panel system has a big impact on the price. Larger systems with more panels cost more, but the price per watt can be lower due to economies of scale. The number of solar panels you need depends on your energy consumption and the power per panel.

How much do solar panels cost in 2024?

What do solar panels cost in 2024?

For a roof with 10 solar panels, you pay € 4408 to € 5714 on average in 2024, which you earn back within 4 to 6 years. What your exact investment and payback period are, depend on your wishes and what suits you best.
