

# **Factory Park Home Use Solar All-in-One Machine**

## Overview

---

What is an all in one solar energy storage system?

The all in one energy storage system can be used in solar energy storage, also called an all in one solar system. It is equipped with a 5kw off-grid inverter at the factory. No installation is required, plug and play. The all in one solar storage system uses natural resources and stores energy daily.

Does your home need a solar energy backup system?

Having a reliable solar energy storage backup for your home is critical. However, not all backup systems are created equal. Sol-Ark's 15K-2P Whole Home hybrid inverter is a breakthrough in home power protection that redefines adaptability, flexibility, and performance.

What is a solar storage system & how does it work?

The all in one solar storage system uses natural resources and stores energy daily. It releases energy for the home at night, which not only saves money but also serves as an efficient backup power source.

How does the Sol-Ark 15K whole home inverter work?

For the Sol-Ark 15K Whole Home inverter, setup is truly plug- and-play: plug in the cable, push the button, and the system is ready. This capability ensures seamless transitions as technology advances, making the 15K a future-proof investment. Time of Use (TOU) function allows the 15K to optimize energy consumption and cost from the grid.

What is a Sol-Ark 15K whole home?

Whether you're preparing your home for emergencies, sailing the high seas, or powering a hunting cabin, the Sol-Ark 15K Whole Home offers flexibility and adaptability, poised to become the standard for grid-tied or off- grid backup.

Are DIY solar panels UL certified?

Connect some batteries and solar panels, change the settings, and you are done. The DIY battery community has used these units 24/7 for years! They are extremely dependable. As of 2021, they are now UL certified! This means that the components inside the units are high quality.

## Factory Park Home Use Solar All-in-One Machine
