Kobalt, EcoFlow and BLUETTI are among the most popular Portable Power Station brands. While those brands are the most popular overall, you will also find a great assortment from Jackery, Generac and Anker. How much does a Portable Power Station cost?

.

Is it safe to bring a power supply inside?

Since power is stored in batteries for later use, it's safe to bring them inside. While their capacity may be limited compared to other larger units, they can work well as a temporary source of energy for TVs and refrigerators. Many units can also be charged from alternating current (AC) household current to be ready for future use.
