

# **Huawei Congo Kinshasa Energy Storage Project Company**

## Overview

---

### What happened to Huawei in Congo?

Telecom giant Huawei is now the latest Chinese company to be embroiled in controversy in the Democratic Republic of the Congo. The company is to appear again in the Gombe Commercial Court in Kinshasa to settle a bitter feud regarding a 2018 judgment against the company for \$105 million for allegedly failing to build a promised telecom network .

### Why is China building a data center in Congo?

While thanking the Chinese government and the Export-Import Bank of China, Congolese Minister of Finance Nicolas Kazadi said this data center will promote modernization, good governance, and the anti-corruption campaign in the country.

### What is going on with Tshisekedi's company in Kinshasa?

The company is to appear again in the Gombe Commercial Court in Kinshasa to settle a bitter feud regarding a 2018 judgment against the company for \$105 million for allegedly failing to build a promised telecom network . The case is riddled with allegations of corruption including from three members of President Félix Tshisekedi's staff.
