

Kosovo outdoor power supply price recommendation

Overview

Environment protection is a mission of the (MMPH). Since most of electric power is produced by power plants in Kosovo they are considered the main environment pollutant. Actual emission of gases, dust and waste-water discharged from the existing power plants, are above the levels allowed by the EU directives. According to the 's statistics, 835 deaths, 310 new cases of chronic bronchitis, 22,900 new cases of respirat.

How much does electricity cost in Kosovo?

In Kosovo, the price per kilowatt/hour is 6 cents, which is almost five times lower than in Romania, where 1 kilowatt/hour costs 29 cents. According to the Statistics Office of the European Commission (Eurostat), Kosovo convincingly had the cheapest electricity prices in Europe for the year 2022, when the last annual measurements were made.

What is Kosovo's Electricity Supply Chain?

Kosovo's electricity supply chain (ESC) includes both public and private firms. Electricity production is dominated by a publicly owned enterprise (POE), Kosovo Energy Corporation (KEK), Sources: Kosovo authorities and IMF staff calculations. Note: KOS A and KOS B refer to state-owned coal-based generation plants ("Kosova A and B").

Who is responsible for electricity distribution in Kosovo?

KOSTT, as the system's transmission and system operator (TSO), balances electricity generation and loads. Electricity Distribution Services in Kosovo (KEDS, a privately-owned firm) oversees distribution. The same firm owns KESCO (Kosovo Electricity Supply Hours Sources: Kosovo authorities and IMF staff calculations.

Does Kosovo need a power plant?

Kosovo has one of the world's largest lignite-coal reserves and it remains dependent on two depreciated and inefficient Yugoslav-era power plants which do not meet Kosovo's energy needs.

Which companies are affecting the energy sector in Kosovo?

Besides government institutions, there are also companies with great impact in energy sector such as Kosovo Energy Corporation (KEK), Transmission, System and Market Operator (KOSTT) and Kosovo Electricity Distribution and Supply (KEDS). A lot of legislative documents that aim the adjustment of electricity sector have been approved.

Who regulates energy in Kosovo?

4 The ERO is an independent agency that regulates electricity, district heating, and gas markets in Kosovo. It was established in 2004, after the promulgation of the Laws on Energy, on Electricity, and on the Energy Regulator. The ERO helps to ensure that Kosovo's regulatory framework is in line with the EU 'acquis' on energy.
