

Malaysia outdoor battery cabinet bms system

Overview

What is a 3 level battery management system (BMS)?

Our 3-level battery management system (BMS) guarantees safe operation by continuously monitoring all critical parameters at three distinct levels: the cell level, battery module level, and battery cabinet level. Additionally, the HISbatt 215-A features an independent aerosol-based active fire suppression system.

Are the battery cabinets modular?

Whether you're planning an on-grid project or an off-grid solution, the battery cabinets are designed to be modular and easily expandable in the future. We've designed our solutions to guarantee safety and comfortability for you. All our battery solutions are forklift-ready and can be easily installed at the site.

Who is Power Solutions Sdn Bhd?

Power Solutions Sdn Bhd, bringing three decades of expertise to the UPS industry. We guarantee your confidence in our products and services, providing efficient, reliable, cost-effective, and flexible solutions for a wide range of industries.

Why should you choose Power Solutions Sdn Bhd?

At Power Solutions, we are dedicated to exceeding expectations and ensuring uninterrupted power to empower your operations. Explore our offerings and experience the reliability and efficiency that Power Solutions Sdn Bhd brings to the UPS industry . Malaysia.
