

Maldives sloping roof photovoltaic panel manufacturer

Overview

What is solar PV on a resort island?

Solar PV on a resort island a clear sustainability message to your clients and partners Swimsol provides a unique solution to achieve desired solar production capacity – floating solar powerplant at sea (offshore solar). SolarSea produces 5-10% more energy due to natural cooling at sea.

Does swimsol offer a solar PV system?

Swimsol offers an option, where we finance, install, operate PV on customers premises and sell solar energy to the client. This results in cost savings compared to diesel power. Swimsol designs and dimension solar PV systems individually.

What is swimsol solar powerplant at sea?

Swimsol provides a unique solution to achieve desired solar production capacity – floating solar powerplant at sea (offshore solar). SolarSea produces 5-10% more energy due to natural cooling at sea. Swimsol technology is already competitive in islands and tropical regions using diesel for power.

Can I participate in crowdfunding & win a trip to the Maldives?

JOIN CROWDFUNDING Invest in a more sustainable future & win a trip to the Maldives Note: crowdfunding is currently possible only if you are based in Austria (info), Germany (info) & Switzerland (info). Global investors, please see “Invest” section.

Maldives sloping roof photovoltaic panel manufacturer
