

Mauritius outdoor power supply specifications and models

Overview

What type of plug does Mauritius use?

Mauritius uses power outlets and plugs of types C & G. Take a look at the pictures below to see what these plugs and power sockets look like: Doesn't look familiar?

Do the outlets look different in your country?

You'll need a power plug adapter. Type C - The standard European plug.

What is the standard voltage for a power socket in Mauritius?

All power sockets in Mauritius provide a standard voltage of 230V with a standard frequency of 50Hz. You can use all your equipment in Mauritius if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

What voltage does Mauritius use?

Also, the voltage in Mauritius is the same as in Europe. What Outlet does Mauritius Use?

Type C plug sockets have two round pins and no grounding pin. These plugs are typically used with devices that have a voltage of 230V. Type G plug sockets have two rectangular pins and a grounding pin.

Are there electrical outlets in Mauritius?

No, the electrical outlets in Mauritius are different from those in the United States. In Mauritius electrical outlets of types C & G are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Mauritius?

The electrical outlets and power plugs in Mauritius are of types C & G (see

images).

Do I need a travel adapter in Mauritius?

If you're not sure whether the outlets and plugs used in your country are the same as in Mauritius, you can use the tool at the top of this page to check if you need a travel adapter. All power sockets in Mauritius provide a standard voltage of 230V with a standard frequency of 50Hz.

Can I connect my laptop charger to an electrical outlet in Mauritius?

Yes, you can connect your laptop charger to an electrical outlet in Mauritius as long as the outlet is compatible with the charger's voltage and plug type. In Mauritius, the standard voltage is 230V and the standard frequency is 50Hz.
