

Mobile power bank that can be put into the side box

Overview

What is a power bank & how does it work?

An integrated metal stand provides support for the power bank so you can use your phone in Standby mode while it's charging. The power bank's most distinctive feature is its smart display, which uses emoji faces to indicate battery levels. These animated expressions can easily be disabled if you're not in the mood.

How much power does a power bank give a phone?

Our testing shows that a power bank can offer your phone about 70% of the power it contains. It loses the rest due to the inefficiency of the power transfer. That means a 5,000 mAh battery can fully charge a phone with a 3,500 mAh battery, like an iPhone 16.

Do you need a portable battery or power bank?

Watching your phone or tablet steadily run out of power when you're nowhere near an outlet is stressful. But there's an easy solution: a portable battery or power bank. They are available in many sizes and capacities and can include handy features like fast charging and multiple ports.

Which power bank should I buy?

The Nimble Champ is our top recommendation for most folks, but we have all sorts of alternatives here. Read our [Best MagSafe Power Banks](#) guide for Apple-specific portable chargers, and our [Best Portable Power Stations](#) guide if you need more power. Updated June 2025: We've added power banks from Redmagic and Statik, and added a new FAQ.

Which battery is best for power banks?

Anker is the best in part because it packs more power into its batteries at a lower weight. Its batteries charge faster than competitors. Its small Anker Nano battery has the best power-to-weight ratio of any battery on our list.

Which brand is best for power banks in 2025?

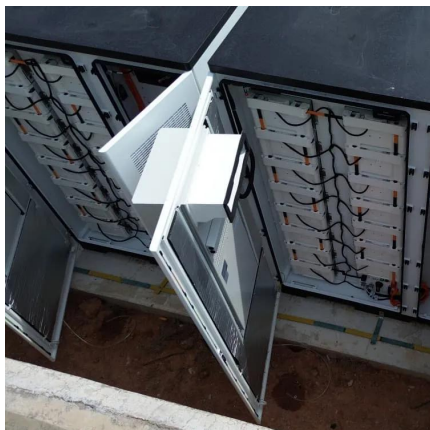

Anker is making some the best power banks right.

What is a power bank shell?

This power bank shell is designed with an LCD screen that can be used to display power. Made of high-quality ABS and metal materials, it is durable, and its arc corner design conforms to ergonomic design, so it is comfortable to grip. The length of the power bank case is approx 21.2cm, the width is approx 8cm, and the thickness is approx 2.3cm.
