

Moldova s new outdoor power supply market

Overview

Does Moldova have a power system?

Although Moldova is interconnected with Romania, the two systems do not operate in parallel but can function together in island mode (four islands can be created). Romania's power system is part of ENTSO-E, and Moldova is currently working towards full synchronisation.

What is happening in Moldova?

Overall market restructuring is ongoing in Moldova, in accordance with provisions of the Third Energy Package and EU directives.

How does Moldova's electricity system work?

Moldova's electricity system operates synchronously with Ukraine's, and the neighbouring systems are interconnected by 11 lines of 110 kV and 7 lines of 330 kV. Although Moldova is interconnected with Romania, the two systems do not operate in parallel but can function together in island mode (four islands can be created).

Are there gas storage facilities in Moldova?

There are no gas storage facilities in Moldova and no access to liquefied natural gas (LNG). Domestic gas production meets less than 0.01% of demand, and until the end of 2016 Valiexchimp had been the only company to explore and exploit gas and oil in southern Moldova. None. None. None.

How does Moldova get gas?

Moldova is connected to the Ukrainian gas transportation system that transits all gas imports to Moldova from Russia on a bilateral contract. Moldova also transits gas to the border with Romania, to be sold on European markets in Turkey and the Balkans.

Does Moldova have a gas pipeline?

Moldova also transits gas to the border with Romania, to be sold on European markets in Turkey and the Balkans. The total length of Moldova's three transit pipelines is 247 km with a total capacity of 34.6 bcm/y.

Moldova s new outdoor power supply market

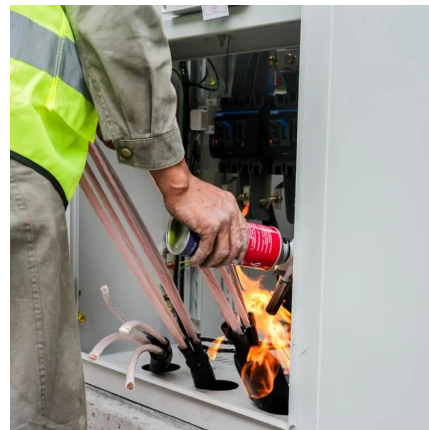

Outdoor Portable Emergency Power Supply Market

The research report highlights the growth potential of the global Outdoor Portable Emergency Power Supply market. With recovery from influence of COVID-19 and the Russia-Ukraine War, ...

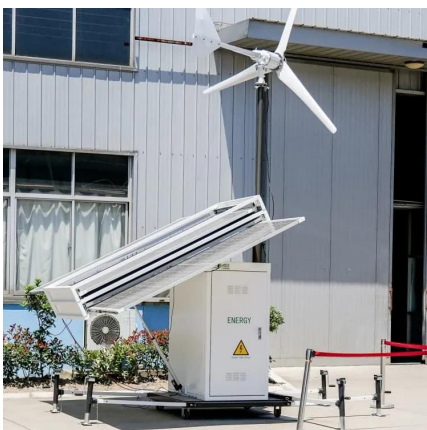

Moldova's ambitious targets for green energy

Moldova aims to fully integrate as much green energy as possible in the coming years, targeting the diversification of its energy sources by attracting foreign investors seeking ...
