

Multi-function inverter wholesale price

Overview

What is a multi-functional inverter/charger?

This is a multi-functional inverter/charger, combining functions of inverter, solar charger and battery charger to offer uninterruptible power support in portable size.

What is an inverter controller?

The inverter controller outputs the more stable pure sine wave, and output can be powered by utility directly or powered by battery or PV in battery mode. Perfect for an air compressor, fridge, freezer, microwave oven, electric saw, hairdryer, computer, etc.

What is a hybrid power inverter charger?

All in one solar inverter allows you to power up multiple loads, such as office equipment and major household appliances. Let's power it up together! The hybrid power inverter charger outputs continuous stable pure sine wave by wave phase-detection that is more reliable to provide clean power and low interference to your devices.

What are the protection measures for a hybrid 24V inverter?

There are six main protection measures for the inverter hybrid 24V: short circuit protection, over-temperature protection, over-load protection, low voltage protection, over-voltage protection, and reverse polarity protection. A built-in silent cooling fan will effectively rotate at a different speed according to power load and temperature.

What is a hybrid inverter charger shell?

The hybrid inverter charger shell is made of high-strength aluminum material, stronger than the traditional iron shell, and has good oxidation and deformation resistance. It effectively protects the internal components from external interference.
