

New Energy Storage Company in West Asia

Overview

Where is NW storm hyperstrong Asia based?

NW Storm HyperStrong Asia will be based in Singapore, serving the entire Asian continent except for South Korea and Japan. HyperStrong is already well established in the Asian market. It is one of China's biggest battery energy storage system integration companies, with a cumulative installed capacity of over 20 GWh.

How much money does NW have in energy storage?

NW already has a total of 1 GWh in energy storage in operation across France, Finland, and Texas. In October, NW secured €430 million (\$467.2 million) in non-recourse bank financing from Santander CIB and Dutch Rabobank. It is one of few energy unicorns.

Is there an opportunity for advanced storage technologies in New applications?

Hence there is a sizable opportunity for advanced storage technologies in the new applications.
