We offer a large selection of durable and reliable Inverter/Solar batteries at the best prices from the best brands such as Amaron Quanta, Luminous, Genus, Exulted, etc. We offer a 1-year warranty on all our batteries, as well as free delivery in Lagos and Abuja, within 24 hours.

How much water can a solar submersible water pump pump?

1.5hp myHome solar submersible water pump can pump water upto 120m underground. Totally depends on. We deal in all kind of solar systems such as solar panel, battery, inverter, all in one solar street. We deal in all kind of solar systems such as solar panel, battery, inverter, all in one solar street.

Can I add solar to my inverter?

If you already have an inverter, we can install just the solar part to supplement charging your inverter from PHCN. Instantly see how much it would cost to add solar to existing inverter setup with our solar-only cost estimator. Battery replacement, top-off (for flooded batteries), desulphation (can improve the life of old batteries), equalization.

Can I install an inverter without solar?

If your PHCN supply is decent, we can install just an inverter without solar. This will provide uninterrupted power for the hours when PHCN is unavailable. This is also a cost-effective way to get started with solar without making the full investment at once. We can add-on solar when the time is right.
