Overview

Who is Nordic batteries?

Nordic Batteries AS, founded in 2014 in Norway, specializes in advanced battery modules, packs, and energy storage systems for industrial sectors including construction, maritime, defense, and power grids. Leveraging automated production and innovative technology, they deliver high-performance, safe, and sustainable energy solutions.

What products does Nordic batteries offer?

Nordic Batteries' technology portfolio centers on two main product lines: ePOWER and eENERGY modules. The ePOWER series delivers high-power output for demanding industrial applications, while the eENERGY modules provide extended duration energy storage capabilities.

What makes Nordic batteries a sustainable brand?

Nordic Batteries also emphasizes sustainability in their production methods, using renewable energy sources throughout their manufacturing processes. Their battery designs consider the complete lifecycle, including potential second-life applications and eventual recycling, supporting circular economy principles.

Do Norsk lithium batteries overheat or overcharge?

Our batteries come equipped with dual USB ports, an LED Battery power indicator, and a Battery Monitoring System that's "fool" proofed. Norsk Lithium batteries won't overheat or overcharge. We offer innovative technology - with no engineering degree required! Norsk Lithium powers your passion so you can chase adventure.

Are Nordic batteries looking for a development engineer?

Nordic Batteries are seeking a development engineer for mechanical construction and system design. Factor 47 is operative! The pilot line where

Nordic Batteries will produce their first battery modules is now officially open after the visit from former Prime Minister Erna Solberg where she cut the banner to kick it off.

Is Norsk lithium a good battery?

Norsk Lithium will make it right so you can get back on the water or the ice as quickly as possible. When it's time to start catching fish and taking names, you want Norsk Lithium on your side. We aren't some overseas battery manufacturer that wouldn't know
