Overview

Where can I buy outdoor power equipment parts in Canada?

At Parts House of Canada we are here to help you get your outdoor power equipment parts out to you on time with fast shipping. We have the largest most diverse parts inventory in Canada and can help you get your parts quicker than the other dealers. Check out our online store and browse our parts lookups and order through our secure check out.

Should you buy an outdoor power strip?

If those two sockets in your outdoor outlet aren't enough to fulfill your outdoor power needs, then you'll want to invest in a good outdoor power strip. These handy appliances can multiply a single socket into six or even 10, allowing you to power multiple strings of lights or various outdoor appliances simultaneously.

Are outdoor power strips waterproof?

Some outdoor power strips also function as surge protectors and have built-in fuses that cut off the flow of current when it exceeds the maximum wattage for a standard 15-amp outlet, which is 1,875 watts. Outdoor power strips designed for continuous outdoor use also have an IPX rating, which designates how water-resistant they are.
