

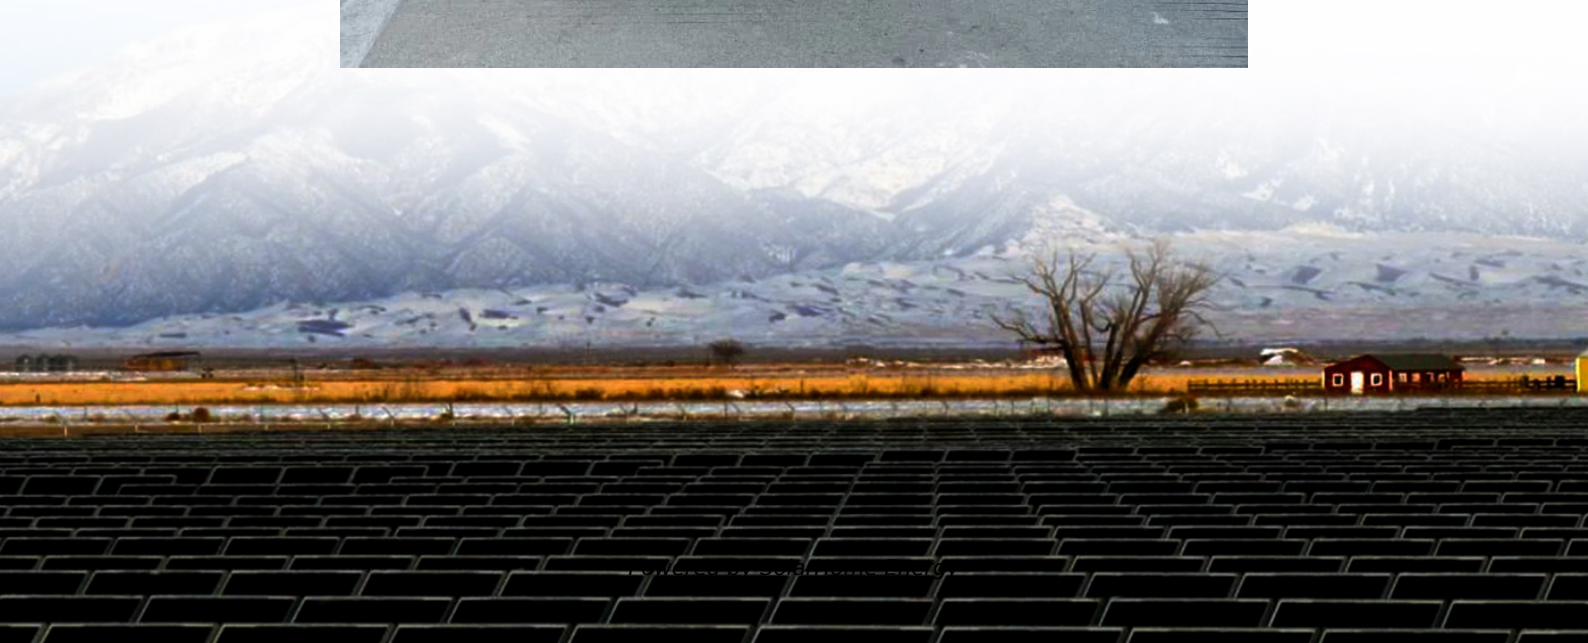

Photovoltaic panel manufacturers sales

Overview

Wood Mackenzie's score-based ranking assessed more than 40 leading module manufacturers across 10 countries. These companies accounted for 62% of global production capacity and 89% of global module shipments in 2024, highlighting the concentrated nature of the industry's top performers. Who are the top 20 global photovoltaic module manufacturers?

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises — JinkoSolar, LONGi, Trina Solar and JA Solar — collectively shipping over 320GW and dominating the industry.

Is Panasonic a good company to buy solar panels?

While Panasonic is well-known for manufacturing electronic devices like smartphones, cameras, and air-conditioners, it is also a producer of solar panels. The PV modules from Panasonic are recognized for their exceptional reliability. Among their best series is the 330N HIT, consisting of 96 solar cells and boasting a 19.7% efficiency rate.

Where are Suntech Solar panels made?

Suntech is one of the most widespread solar manufacturers that currently exists, having four main branches in Australia, Hong Kong, South Africa, and the United Arab Emirates, and plenty of business footprints all over the world.

Where can I buy REC Solar panels?

IN STOCK! Solar Electric Supply, Inc., a proud REC Authorized Distributor, offers an extensive range of REC solar panels, including the latest premium N-Peak 3 Series and Alpha Pure panels. As an international pioneer in solar energy, REC Group, headquartered in Norway with operational hubs worldwide, is renowned as Solar's Most Trusted brand.

What is the future of photovoltaics in Europe?

Against the backdrop of an accelerating global energy transition, the total installed photovoltaic capacity worldwide is expected to exceed 1,200 GW by 2025. The commercial and industrial (C&I) market in Europe is expanding in parallel, with solar PV becoming a key tool for businesses to manage energy consumption and drive green transformation.

Does GCL sell solar panels?

GCL sells an impressive range of solar panels and batteries. This includes the NH12/66GDF, which has a 720W power rating and 23.2% efficiency – making it one of the most powerful panels around. The company, which has its headquarters just outside of Shanghai, in the coal-heavy region of Jiangsu, also offers modular 5.1kWh batteries.

Photovoltaic panel manufacturers sales

Solar Power Market Size, Share, Trends , Growth Report [2032]

The global solar PV segment dominated in 2021 owing to rising investments in solar photovoltaic projects due to rising electricity consumption across the globe. The mini ...

Who are the top 10 photovoltaic module producers in the world?

Each year, Wood Mackenzie answers this question with an analysis of the 40 largest solar panel brands across 10 countries. These companies alone account for 62% of ...
