

Portuguese Electricity develops solar energy storage

Overview

Endesa Generación Portugal, part of Enel Group, has been awarded the connection rights to develop a renewable energy project combining solar, wind, green hydrogen and a 168.6MW battery energy storage system (BESS) to replace the country's last coal power station.

Portuguese Electricity develops solar energy storage

EDP closes stake sale in solar-plus-storage portfolio in California

2 days ago · Portuguese electric utility group EDP Energias de Portugal SA (ELI:EDP) has finalised the sale of a 49% stake in a US solar-plus-storage portfolio for an enterprise value of ...

100 Top Energy Companies in Portugal · September 2025 , F6S

C2C-NewCap is a Portuguese company that develops hybrid supercapacitor technologies for innovative, eco-friendly energy storage systems. Our mission is to support the ...

[AT A GLANCE: SOLAR AUCTIONS IN PORTUGAL AND ...](#)

The energy storage appears to be more attractive in Portugal than in Spain since the storage bids are granted a capacity payment in exchange for hedging the Portuguese electricity system ...

Galp and Powin launch 5MW battery storage system in Portugal

Portuguese energy firm Galp and Powin, a US-based energy storage integrator, completed the

commissioning and injected the first electrons of stored energy to the grid from ...

Portugal Awards Grants to 500 MW of Energy Storage ...

A total of 43 projects were selected from 79 applications in Portugal's 2025 energy storage procurement. The biggest grant was awarded ...

Portugal Awards Grants to 500 MW of Energy Storage Projects

A total of 43 projects were selected from 79 applications in Portugal's 2025 energy storage procurement. The biggest grant was awarded to Solara4Phase4 to the tune of EUR ...

Photovoltaic solar energy is driving the energy transition in ...

Portugal is making progress in solar photovoltaic energy with major projects such as Sonnedix Douro, with a capacity of 150 MW. The sector emphasizes the importance of ...

Portugal: First solar plus storage auction

For the first time, participants were invited to submit projects that include a storage component in addition to solar power plants. Q-Cells ...

Hanwha Q CELLS awarded 315 MW solar capacity in first solar+storage

A total of 700 MW capacity was tendered, and for the first time in Portugal companies were invited to lodge bids with a storage component included. Each of the six solar that Hanwha Q CELLS ...

Reform of the Portuguese electricity sector's legal framework

electricity production from nuclear energy. Electricity production Regulation of electricity generation, over -equipment and repowering of renewable facilities, hybridisation and storage ...

Portugal allocates funding for 500 MW of energy storage

From ESS News Portugal is seeking to promote flexibility and balance its power system with energy storage as it continues to break records for solar energy production.

[Powin, Galp to install 5 MW/20 MWh of battery ...](#)

Galp, a Portuguese energy company, has announced plans to build a 5 MW/20 MWh battery storage system in Portugal, in collaboration with ...

Siemens and Fluence to Develop 15 MW Storage System on Portuguese Island

Siemens Smart Infrastructure, in partnership with Fluence, was awarded a contract by the Portuguese energy provider EDA - Electricidade dos Açores to build a battery-based ...

Portuguese tender supports 500 MW of energy storage projects

The successful projects will together add at least 500 MW of energy storage to the public electricity grid. The call for proposals, which is part of the country's Recovery and ...
