

# Preparing to build solar panels

## Overview

---

How do you build a solar panel?

To build your own solar panel, you'll need to assemble the pieces, connect the cells, build a panel box, wire the panels, seal the box, and then finally mount your completed solar panel. Purchase the cells. There are a few different types of solar cells to buy, and most good options are either made in the United States, China, or Japan.

Can I DIY my solar panel installation?

If you've researched solar energy solutions, you probably know that it's possible to DIY your solar panel installation, often referred to as DIY solar. But as it turns out, DIY solar can mean something more than just installing your own solar panels — it can mean building your solar panels from scratch.

Can I build my own solar panels?

You can build it yourself, hire local laborers to help, or do a mix of both. Regardless of which approach you choose, our Do-It-Your-Way Solar Guide will help you learn everything you need to know about DIY solar panels, including planning, system design, set up, and more.

How do you plan a DIY solar project?

The most important part of a DIY solar project is in the planning and design. For these steps you must do a lot of research. A critical number needed for all calculations is the number of watt hours of electricity consumed in a day by all of the appliances you'd like to be supplied by your solar array.

What do you need to install a solar panel?

Plexiglass or EVA Film: To cover and protect the solar cells. Silicone Caulk: To seal the edges and prevent moisture entry. Junction Box: To collect and transfer the solar energy. Blocking Diode: To prevent reverse current flow. Mounting Hardware: Brackets, screws, and nuts for installing the panel.

Should you choose a DIY solar system?

When you choose DIY solar, you're taking control of your solar project. While a DIY solar system involves some extra effort, you can act as your own project manager and save thousands when setting up your solar panels. You can build it yourself, hire local laborers to help, or do a mix of both.
