

# **Regular company makes solar photovoltaic panels**

## Overview

---

Are there any American made solar panels?

And if you're looking to support American workers and energy independence, there are plenty of U.S.-made solar panels available. In fact, some of these panels (and the inverters they connect to) are among the top-rated, most popular solar equipment on the EnergySage Marketplace. Who are America's top solar manufacturers?

.

Who is the largest solar panel manufacturer in the world?

JS Solar products are sold worldwide, and the company currently has distributors in Chile, Mexico, and even the middle-east, which puts this company on the top of this list, as possibly the largest solar panel manufacturer in the world. 2. Trina Solar.

Who makes the best solar panels?

Last but not least on our list of the largest solar panel manufacturers is the Sharp Corporation, founded in 1912. Sharp is another Japanese solar panel manufacturer and one of the best solar panels manufacturers and electronics corporations in the world.

Where are solar panels made?

These companies offer solar panels made in the USA as of 2020: Headquartered in Ontario, Canada, this company has both Canadian and Minnesota-based manufacturing facilities. They specialize in custom orders for large-scale products, though they also offer modules for customers through standard distribution channels.

How many companies make solar panels?

Looking at the broader supply chain for solar components, there are 52

companies that manufacture those products in the U.S., according to the DOE. These components include inverters, controllers, racking systems, and more. Another 12 U.S. outfits can recycle old solar equipment.

Who makes qcells solar panels?

Qcells is the second-largest manufacturer of solar panels in the U.S., the second most-popular brand on the EnergySage marketplace, and one of the most popular residential solar panel manufacturers, American-made or otherwise. While Qcells is based in South Korea, the company recently opened a solar panel manufacturing plant in Georgia.
