

The largest battery energy storage company in Northern Europe

Overview

Who owns BayWa re's largest battery storage project in Europe?

Vopak, an independent tank storage company, has acquired BayWa r.e.'s largest battery storage project in Europe. The site in the northern Netherlands includes land, a 300 MW grid connection and all permits. The project was developed to "ready-to-build" by GroenLeven and will connect to TenneT's high-voltage transmission grid.

Which countries are the most attractive for battery energy storage systems investment?

Covering 28 European countries, the report identifies Italy, Great Britain, and Germany as the most attractive markets for Battery Energy Storage Systems (BESS) investment while also analysing key market trends and regulatory shifts.

Is pillswood the biggest battery storage project in Europe?

Image: Harmony Energy. Alex Thornton, operations director at Harmony Energy, gives us a deep dive into Pillswood, the biggest battery storage project in Europe, including the bold decision to be an early-mover into 2-hour lithium-ion BESS, in a market of much shorter duration assets.

Who makes the best battery energy storage system?

As the top battery energy storage system manufacturer, The company is renowned for its comprehensive energy solutions, supported by advanced industrial facilities in Shenzhen, Heyuan, and Hefei. Grevault, a subsidiary of Huntkey, is a leader in the battery energy storage sector.

Where is the battery energy storage system (BESS) located?

The battery energy storage system (BESS) is located in the Northern region of the Netherlands and will be connected to TenneT's high-voltage transmission grid. Vopak will now take on the further development, with plans to use utility-

scale Li-ion battery technology.

Should energy storage systems be made in Europe?

“The message we are hearing clearly from European customers is that they want energy storage systems manufactured in Europe using locally sourced supply chains free of geopolitical risk. Gdansk, Poland is the perfect location to meet this need for Europe,” added Lars Herlitz, Lyten Chairman and Co-Founder.
