

# **The price of batteries for energy storage cabinets is outrageous**

## Overview

---

What is the business case for battery energy storage?

The business case for battery energy storage varies by application and use case. For 'prosumers' (producers-consumers), the payback period of a home energy storage system can be calculated based on the spread between the cost of producing and storing rooftop solar power and the cost of purchasing electricity from the local utility.

How much does commercial battery storage cost?

For large containerized systems (e.g., 100 kWh or more), the cost can drop to \$180 - \$300 per kWh. A standard 100 kWh system can cost between \$25,000 and \$50,000, depending on the components and complexity. What are the costs of commercial battery storage?

.

How much does energy storage cost?

Let's analyze the numbers, the factors influencing them, and why now is the best time to invest in energy storage. \$280 - \$580 per kWh (installed cost), though of course this will vary from region to region depending on economic levels. For large containerized systems (e.g., 100 kWh or more), the cost can drop to \$180 - \$300 per kWh.

How much does a 100 kWh battery cost?

A standard 100 kWh system can cost between \$25,000 and \$50,000, depending on the components and complexity. What are the costs of commercial battery storage?

Battery pack - typically LFP (Lithium Uranium Phosphate), GSL Energy utilizes new A-grade cells.

Which states have more battery storage?

Only California brought gigawatt hours online, 6 GWh, thanks to the state's focus on longer-duration storage. Arizona, Colorado, Florida, and Vermont also added storage last quarter, hinting at a much larger appetite for grid-scale battery deployment nationwide.

Are lithium-ion batteries a viable storage solution?

Plenty of lithium-ion alternatives are being actively piloted for their viability, technologies ranging from Natron's sodium-ion battery to EnerVenue's metal-hydrogen vessel; from gravity storage to IceBricks, it seems like there's a storage solution for any situation.
