

USA outdoor site battery cabinet manufacturer

Overview

What is an outdoor Battery Cabinet?

HindlePower's Outdoor Battery Cabinet is constructed of extremely durable injected foam panels that achieve a level of thermal performance not previously seen in traditional battery cabinets. Feel confident your batteries will maintain 65°F for outdoor ambient temperatures down to -40°F and 77°F for outdoor ambient temperatures to 122°F.

Are battery cabinets NEMA & IP rated?

It is important to note that the NEMA and IP rating varies depending on where you will install the enclosure. A range of outdoor energy storage battery cabinets and outdoor lithium battery cabinets are available in standard and custom configurations, can be pole-mounted or ground-mounted .

What is a battery cabinet?

Equipped with the HindleHealth System, the Battery Cabinet will keep your battery at the ideal temperature in the most extreme of environments, giving you peace mind. HindlePower's Outdoor Battery Cabinet takes a proactive approach to hydrogen mitigation.

Why do you need an outdoor battery enclosure box?

Outdoor battery enclosures keep your batteries safe from weather and safe from theft. Outdoor battery enclosure boxes also feature locking mechanisms that protect unauthorized people against possible electrical dangers if they happen to be tampering with your equipment.

What is an outdoor NEMA 3R Battery Cabinet?

Outdoor NEMA 3R modular design easily expands and can accommodate any configuration of batteries and DC power equipment. This becomes a great alternative for substations with limited interior space allowing for consolidation of your DC power system. HindlePower's Outdoor Battery

Cabinet takes a proactive approach to hydrogen mitigation.

Is hindlepower outdoor Battery Cabinet certified?

HindlePower's Outdoor Battery Cabinet is certified to IBC 2012, CBC 2013, and IEEE 693 to the highest levels. See our certification document [here](#) for more information. Outdoor NEMA 3R modular design easily expands and can accommodate any configuration of batteries and DC power equipment.
