

# Which brand of outdoor power supply is good

## Overview

---

What are the best portable power stations?

To help you decide, I tested the efficiency, in a variety of scenarios, of the best portable power stations from Jackery, Oupes, EcoFlow, Anker, Goal Zero, Greccell, Bluetti, Dakota Lithium, Lion Energy, Vtoman, and Oupes. ↓ [Jump to the Rest of the Field](#) ↓ [What to Know Before Purchasing a Portable Power Station](#).

Why should you buy a portable power station?

Bring big backup power with you with these expert-recommended portable power stations, which can store enough power to charge electronics, appliances, and more.

How to choose a portable power station for camping?

Setting one up inside a home or workshop means close quarters, and loud models could literally require hearing protection. A portable power station for camping should also be quiet, or else it may disturb the neighbors. Typically, electric and solar power stations make for the quietest generators available.

What accessories do you need for a portable power station?

One of the most common accessories is going to be a cord to connect to similar power stations in series, often times doubling your power output. Some portable power stations have a light bar built into the housing, which is useful for seeing at night. Anker's Solix C300 also includes a pop-up camping light.

Which battery is best for a portable power station?

These days most portable power stations, including all those we recommend here, use LiFePO4 batteries, which are capable of holding far more cycles, which is the number of times a battery goes through a complete discharge and recharge, than older lithium-ion batteries while also being less likely to combust.

Which power station should I buy?

The Jackery 2000 Plus is the best power station for those who need ample power. While it is pricey at over \$2,000 list price, it has plenty of power, charges impressively fast, and won't let you down in case of an emergency. If your main need is charging devices like phones and laptops, our favorite is the Anker 521.
