

# **Which type of battery swap cabinet has more stations in Romania**

## Overview

---

Where are e-mobility rentals battery exchange stations located?

The new battery exchange stations will be installed in the car parks of ten Kaufland shops in Constanța, Cluj-Napoca, Iași, Brașov, and Timișoara by the end of the year. However, the e-Mobility Rentals stations are not large, garage-like swap stations, like Nios Power Swap Stations. That is because e-Mobility Rentals uses small electric vehicles.

How many charging stations does Kaufland Romania have?

The startup currently operates twelve stations, all located in Bucharest and Constanța. “After launching the first national network of charging stations for electric cars in 2016, Kaufland Romania continues the series of partnerships for more sustainability.

Where are the new battery exchange stations being installed?

So far, however, the service has been limited to the capital, but is now expanding to other cities. The new battery exchange stations will be installed in the car parks of ten Kaufland shops in Constanța, Cluj-Napoca, Iași, Brașov, and Timișoara by the end of the year.

How do swap batteries work?

The swap batteries are thus portable, and the stations are similar to the concept offered by companies such as Gogoro. The batteries are stored and charged in a cabinet. When required, the compartment is opened with a suitable, fully charged battery and the empty battery from the vehicle is connected for charging.
